ABOUT BGX:

Black Gotham Experience (BGX) is an expansive, interactive visual storytelling project that celebrates the impact of the African Diaspora on New York City and brings New York's Black heritage into public consciousness. The project engages and inspires communities to discover the legacy of the African Diaspora in New York City through experiences shaped by art and research. Incorporating interactive walking tours, graphic novels, and a Festival-spanning hub that will feature exhibits and opportunities to see Ware and the BGX creative team at work, audiences will have the opportunity to experience and interact with BGX in multiple ways throughout the course of the River To River Festival.
